I de - sire. I de - sire. I de - sire.

I de - sire. I de - sire. I de - sire.

I de - sire. I de - sire. I de - sire.

I de - sire. I de - sire. I de - sire.

i may desire
 i am more than an object of desire
 i do not wish to lure beings to tragic depths
 i aim to navigate with intuition in murky waters
 using my empathy to impact lives
 becoming a provider
 i yearn for progress in the next generation
 for them to surpass my strength
 craving a day we no longer have to fight
 dear sister,
 i am you
 you are me
 sing with me
 sister... hear us (sing)
